

# Reception Trip to Waghill

We were so excited and eager to go on our one day trip. We were off for our trip with lots of singing and excitement heading to Waghill....

The gates at Waghill opened and we started our tour to see various animals. We saw zebras, antelopes, ostriches and so many kinds of birds. We learnt a lot of new things and we even got to see birds from Rwanda and Malaysia, which were so interesting.

After our tour we were hungry and we needed a break. We washed our hands and were so ready for our snack. After our healthy snack, we got a chance to play on the playground. We played on the swings, see-saw and monkey bars.

The next part was a horse ride. It was so much fun sitting on a horse and going around the playground, and not feeling scared at all!

It was time to explore just before our swimming time. We went for a little walk - looking at the beautiful lake view. We got back feeling hot and tired, so we got changed and splashed in the pool, feeling refreshed and enjoying the warm water.

Lunch was ready. We changed out of our swimming costumes and sat down at the restaurant to eat our yummy lunch of chicken and chips with fresh rosella juice and fruits. Delicious!!!!

Finally it was time to head back to school on our bus. We were tired - some of us even slept in the bus! It was a day full of fun and we loved it. What a wonderful day!!!
