

Year One Kassa Zoo Trip

Reception was super excited to go on their day trip, after long days of counting down. We set off from school in the morning in a bus. We arrived at the rounds and started off by having our snack break, to give us energy for the day ahead.

We began our tour around Kassa Zoo with a walk around looking at the caged animals. The children got to see various animals; crocodiles, hyenas, lions, tortoise, baboons and monkeys. The guide explained the different habits and appearances of the animals, and we learnt some new things. After that, we saw also got to see some snakes, there was a large variety of them!

The next part was the most exciting where the children got to feed giraffes, zebras and eland. These animals were roaming freely

around the zoo and got really close to us. The children loved feeding them.

Then we went for the horse and camel riding, each child bravely got onto the horse that took them around the grounds. They all enjoyed the experience and weren't scared at all.

By now we realised time had flown by and we were almost at the end of the trip. Finally, we sat down and had our lunch.

It was time to head back to school in our bus, where a few of the children dozed off. It was truly a long but eventful day. Year One loved their day out and did a great job at behaving throughout the trip!
