

YEAR 5 TRIP

Year five had a wonderful and exciting time at Wag Hill Lodge.

On Friday the 17th of May they left school at 9.00am. They visited Furaha Nyanza Company limited where the children and got a chance to learn and observe how biscuits and sweets are produced. The experience was exquisite and they all got a ton of sweets and biscuits for the day!

Afterwards, they travelled by bus to Wag Hill. Breakfast, music and popcorn was available on the way, which they really enjoyed.

Once they arrived, they unpacked and they were shown their sleeping areas at the Penthouse. The Penthouse was spacious, lovely and cosy.

They then had a filling lunch which they all enjoyed. After lunch, they had a little rest and then went hiking. The hike was very fun, they got to see lots of different animals, learn a lot about lions and visit a fantastic view point. They also had time for art at the view point! They climbed the lion rock and took some epic flying pictures.

After the tiresome hike, they went for swimming. This was the perfect time to relax in the warm water and sunny weather. The time in the pool was well spent with games which were a lot of fun.

Soon after, they had some indoor time. The children got time to work together, talk and exchange ideas, a perfect moment for social bonding. Dinner was delicious followed by a Massai dance and marsh-mellow cooking at the bonfire. It was an absolutely fantastic experience.

After the long day full of memorable moments, the children enjoyed a movie just before bedtime.

The next morning, they woke up and prepared for a new exciting day. They all had to pack before breakfast. After breakfast, they took turns for a boat ride around Wag Hill. The views were excellent and they all had a chance to take memorable pictures.

After lunch, which was scrumptious, they travelled back to school. The time had been well spent and they all wished they could stay a day longer!
